KEYNOTE SESSION

SPEAKER

KEYNOTE SESSION

SPEAKER

Welcome – Digitalization and the Power Industry

Alexandra Bech Gjørsvik, CEO, SINTEF

Excellence in European energy research

Geir Øien, Dean, IME NTNU

Mission Innovation – The role of R&D in transforming the energy sector
Kick Off (FME) CINELDI – Research Centre for intelligent electricity distribution – to empower the future Smart Grid

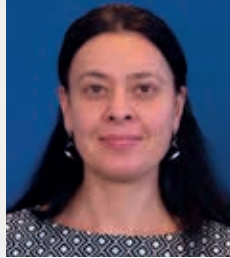

Tord Lien, Minister of Petroleum and Energy, Norway

Distribution Networks – on the verge of becoming digitalized?

DSO representative

Energy policies in Europe and legislation reformation

Ms Andreea Strachinescu, Head of Unit “New energy technologies, innovation and clean coal”, European Commission

Next Generation European Transmission Networks

Antonie Iliceto, ENTSO representative ve ENTSO-E/TERNA

Nordic TSO cooperation and Security of supply

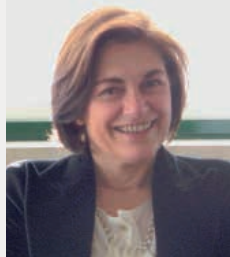

Auke Lont, CEO, Statnett

Research infrastructure enabling excellence in research

Tone Ibenholt, Special Adviser, The Research Council of Norway

Accelerating the realization of the SET plan goals – Electrical energy systems and storage

Teresa Ponce de Leao, EERA Vice-Chair

Moderator and Chair:
Luciano Martini (RSE), Coordinator EERA JP Smart Grids and Knut Samdal (SINTEF), Coordinator for EERA JP Smart Grids, Transmission Networks
